RESOURCES & FAQ

Helpful Answers to Common Questions

We believe knowledge brings peace of mind. Here are clear, straightforward answers to the questions we hear most often from seniors and their families.

Social Security Planning

• **When should I start taking Social Security?** — No single best age. Claiming at 62 reduces benefits permanently; waiting until 70 can increase monthly payments by up to 8% per year delayed. We help you model your unique situation.

• **Can my spouse and I coordinate benefits?** — Yes. Spousal, survivor, and divorced-spouse rules can add tens of thousands over a lifetime when timed correctly.

Estate Planning in Oregon

• **Do I need an estate plan if my estate is modest?** — Yes. Even smaller estates benefit from avoiding probate, naming guardians, and ensuring your wishes are followed.

• **What documents should every senior have?** — Revocable Living Trust (or Will), Durable Power of Attorney, Advance Directive for Health Care, and HIPAA authorization.
